

Recommended route of travel

St Bede's is located in the centre of a small downland village and whilst the residents of Upper Dicker are very supportive of the School, we try not to impose on their goodwill too much.

To this end could we ask all visiting sports teams and, where possible, other visitors, to approach and leave the school car park via Coldharbour Road or Camberlot Road if coming from the direction of the A22.

If travelling from the West, visitors can turn right into Michelham Priory Road and will find the car park a few yards down on the right.

Thank you for your co-operation.
